

J. L. FRAZIER TO SUCCEED JAMES AGLER AT MOLE.

POPULAR NARROW GAUGE SUPERINTENDENT WILL HAVE
CHARGE OF THE TRAINS ON THE WESTERN DIVISION
CIRCULAR WILL BE OUT TOMORROW.

General Manager Agler of the Southern Pacific Railroad Company has decided to appoint J. L. Frazier as his successor, as superintendent of the Western Division of the road, the position which he retired from two days ago to assume the duties of his present office.

The circular formally announcing this appointment will be issued tomorrow.

Mr. Frazier is now superintendent of the Narrow Gauge and Broad Gauge roads of the Coast line which terminates in San Francisco, in which place his headquarters is located.

He has been connected with the Southern Pacific Railroad Company since about 1890 when he was located at Fresno.

Before coming to California he had worked on roads in the eastern part of the country for Collis P. Huntington.

He has been in the railroad business for a number of years, having worked

himself up to his present standing by diligence and ability.

Mr. Frazier is a married man and about 45 years of age. He has a genial disposition and enjoys the respect of the men at whose head he has been for a number of years.

It is not definitely known who will succeed to Mr. Frazier's position in San Francisco, but the man most likely to get the place is B. A. Worthington, who is now superintendent of a division of the Southern Pacific with headquarters at Tucson.

Mr. Worthington is also well known in railroad circles both here and in the south. At one time he acted as secretary to C. P. Huntington.

For the place just vacated by Mr. Worthington, Manager Agler has appointed C. C. Spout, at present resident engineer of the road at Tucson.

APPOINTMENTS MADE.

The appointments of Frazier and Worthington were formally made late this afternoon.

is not strong. The approach of winter causes anxiety, as Mr. Kruger refuses to leave Holland.

According to a remark made by a prominent Boer, the former President's condition would long since have been much worse if hatred of Great Britain did not nerve him to continue.

WILL BE SELECTED
TO SUCCEED CROZIER.

WASHINGTON, Oct. 4.—Captain William Crozier, Ordnance Department, stationed at the army building in New York, will be selected to succeed General Buffington as chief of ordnance of the army, on the retirement of the last named officer next month. Captain Crozier was military representative of the United States at the Hague conference.

WILL RAISE LARGE
SUM FOR AN ISLAND.

LONDON, Oct. 4.—It is reported here, says a dispatch from Berlin to the Standard, "that Japan will raise a loan of 50,000,000 yen, including 5,000,000 yen for the Island of Formosa in the United States."

KRUGER'S MIND IS FAILING.

Friends of the Former President
Are Worried Over His
Condition.

THE HAGUE, Oct. 4.—A. D. Wolmarans, one of the Boer envoys, who has been visiting Mr. Kruger at Hillersum, found the mental condition of the former President of the Transvaal to be by no means satisfactory. Mr. Kruger is believed to be slowly growing weaker physically and mentally. His slowness in reaching a decision on important questions is found to be a serious hindrance to those working in Europe in behalf of the Boer cause. At the slightest question regarding his health Mr. Kruger exhibits intense irritation and vehemently denies that he

TWO MEN FATALLY BURNED AT WEST OAKLAND YARDS.

James Jackson and James Robinson, boiler makers, were probably fatally injured in an explosion at the West Oakland railroad yards this morning. The men were repairing an oil tank car and were inside the tank when the accident occurred. Some pieces of hot iron were being passed to them in order to make the necessary repairs. A spark fell on the floor and this caused the imprisoned gas to explode. There was a loud report as the gas went off. The two men were blown to the end of the car and were horribly burned. They were soon rescued and hurried to the railroad hospital in San Francisco. Robinson is a resident of Berkeley and Jackson lives at West Oakland. Both men have families.

SPENT TWO YEARS IN THE ICE FIELDS OF THE NORTH.

HALIFAX, N. S., Oct. 4.—After an existence of two years in ice floes of the Arctic regions, Dr. Robert Stein of the United States Geological Survey and Samuel Warmbath of Boston, have arrived at Sydney on the Windward, en route home. From September, 1899, to September, 1901, they wandered through North Greenland in the hope of making discoveries which would be of benefit to the scientific world. They have returned with scores of interesting specimens of minerals, plants, etc. "I am almost certain that Lieutenant Peary did not make any valuable mineral discovery in Northern regions and that his disagreement with Dr. Dedrich was due to something else altogether," said Dr. Stein. "I do not know the exact cause of the trouble," continued the doctor. "We saw Dedrich last at Northumberland island." Dr. Stein gave the Associated Press the following account of the trip: "Mr. Warmbath, Dr. Leopold Karn, of the University of Vienna, and I left Sydney on July 21st, 1899, on the steamer Diana. When we arrived at Cape Sabine we found that the sea to the northwest was a mass of pack ice so that we were compelled to stop at Sabine. We had ten Eskimau dogs, but owing to a scarcity of walrus meat they died. "The temperature varied from 25 above zero to about 33 below. On October 25th the sun disappeared and did not reappear until February 15th. When the moon appeared it remained above the horizon night and day for two weeks at a time. "One night in December we were awakened by a loud knocking on the roof of our house and on investigation

SHAMROCK CROSSES LINE FIRST BUT COLUMBIA WINS ON TIME ALLOWANCE.

GREAT RACE FROM START TO FINISH, IN WHICH BOTH CAPTAINS DISPLAYED MUCH SKILL—
YANKEE BOAT CAME DOWN THE FINISH IN WINNING STYLE—THE CHAMPIONSHIP CUP WILL REMAIN AT HOME.

NEW YORK, Oct. 4.—Official time of start as given by Marconi telegraph: Columbia, 11:00:01; Shamrock, 11:00:02. 11:30 A. M.: Shamrock passed Columbia and seems pulling rapidly away from her. NEW YORK, Oct. 4.—12:30 P. M.: Shamrock has turned outer mark, her unofficial time being 12:48:52. Columbia turned outer mark, unofficial time 12:49:45. 12:52 P. M.: Shamrock has gone on the starboard tack. Columbia luffed around the mark and went off shore on the port tack. 12:54 P. M.: Barr held the port tack but an instant only and then went to the starboard tack, both yachts heading for the Jersey shore. NEW YORK, Oct. 4.—1:15 P. M.: The Columbia is ahead. 1:34 P. M.: The Columbia is now nearly a mile to windward. 2:03 P. M.: Columbia has gone about on the starboard tack and still holds her lead. Shamrock quickly followed around on the starboard tack and was soon ahead. Shamrock crossed the line first. Columbia probably wins on time allowance. NEW YORK, Oct. 4.—3:35 P. M.: Shamrock apparently crossed line at 3:35:45; Columbia, 3:35:38. 3:37 P. M.: The boats crossed almost as one. Columbia has undoubtedly won on time allowance. Columbia wins the race. NEW YORK, Oct. 4.—Official time of finish was: Shamrock, 3:35:38; Columbia, 3:35:40.

NEW YORK, Oct. 4.—The same strong northwester which yesterday blew the Columbia to victory prevailed this morning. A smashing wind scurried across lower New York Bay, kicking up white caps in every direction. It blew the flags and pennants on board the fleet anchored inside the Hook as straight as boards, and out to sea sent a lot of coasters down the Jersey coast at a lively rate. As was the case on yesterday, it increased steadily after sunrise and at

BISHOPS AND LAYMEN MEET IN CONVENTION.

IMPORTANT MATTERS TAKEN UP AT THE TRIENNIAL SESSION OF THE EPISCOPAL CHURCH—REPORTS MADE BY MANY DELEGATES.

SAN FRANCISCO, Oct. 4.—The opening prayer service of the Triennial Episcopal Convention in Trinity Church was conducted by Rev. M. Burrows of Rhode Island, the benediction being pronounced by Dr. Grubb, Coadjutor Bishop of West Virginia. The music, which was exceptionally fine, was furnished by the vested choir of Trinity.

REPORTS AND PETITIONS. Immediately after the religious exercises the House of Bishops and House of Deputies convened in separate sessions. President Lindsey presided over the Deputies, who devoted an hour to the presentation and reception of reports and petitions.

These had reference to a large number of subjects and were all referred to the appropriate committees. The consideration of amendments to the constitution, begun yesterday was not resumed, today having been set aside especially for the business of the Board of Missions.

The House of Bishops held a brief session devoted to the consideration of matters to come before the convention for action.

IN JOINT SESSION.

Shortly before noon the two houses met in joint session as a Board of Missions. After organization the greater part of the first session was occupied by the presentation of reports, the most important being the triennial report of the board of managers, annual reports on Domestic and Foreign Missions, and reports of the Bishops of various dioceses throughout the American possessions. All showed a gratifying increase in work of the missionary society.

The afternoon was occupied in the reception of resolutions relating to missionary subjects and to a full discussion of the report of the Board of Managers.

(Continued on Page 2.)

STRIKERS ARE BEING GIVEN WORK IN SAN FRANCISCO.

SAN FRANCISCO, Oct. 4.—The men who have been on strike are being taken back by their old employers as fast as vacancies can be made for them.

Some of the more skillful men who took the places of the strikers are being retained, but the great majority are already seeking other fields of employment.

Hundreds are leaving the city for the country, a vast number of the men having come from the interior at the outbreak of the strike to take the places of the men who walked out.

At the headquarters of the Sailors' Union of the Pacific the statement was made that applications for union crews were being received all the time and that it is only a question of a week or so before the entire membership will be employed to the extent that prevailed before the strike.

The steam schooners engaged in the lumber business are rapidly getting ready to resume business and will take the same is true of the other coastwise craft. During the strike the Sailors' Union furnished much of the sinews of war and aided financially the unions involved in the struggle. Seventy-five percent of the union teamsters are at work today, according to statements made by the officers of the Drymen's Association and the men themselves.

8 o'clock was blowing from 18 to 20 knots. In fact, it seemed to have more power than at the same time yesterday, due perhaps to a rising storm near the Bermudas. Nearly all the pilot boats on the station off Sandy Hook were well reefed down and only the heavy laden coast schooners were able to carry all sail. There was an added touch of frost in the air, but overhead a brilliant sun shone from a clear autumn sky and wind and weather were absolutely perfect for today's race. Under the rules, today's race was fifteen miles to windward or leeward and return and it was a foregone conclusion that the course would be a dead run before the wind to the first mark and if the wind held true a long beat back to the finish. It was in just such a race as this that two years ago the Columbia gave the Shamrock a decisive beating of over six minutes.

SHAMROCK WEATHER.

It was again Shamrock weather, or at least what the golden yacht people have been asking for.

The yachting experts looked forward with keen interest to the splendid run before the wind today as promising a fair test of the Shamrock's ability in that direction.

Yesterday the American boat demonstrated her superiority on both the close reach, the broad reach and the windward work, but as yet the two racers have not met under good conditions in a run square before the wind. While Saturday's race was of this description, the wind was so light and uncertain that none of the sherpas considered it as decisive.

The crews of both yachts spent the early morning hours in a final and thorough inspection of rigging and sails to make sure that nothing had been sprained or weakened in yesterday's strong wind.

Both yachts got away from their moorings earlier than usual this morning, the Shamrock, instead of waiting until she got outside, hoisting her mainsail inside the Hook.

COLUMBIA UNDER TOW.

The Columbia, however, went out under tow with bare poles and before 9

o'clock the flyers had passed outside Sandy Hook. The splendid breeze still held true and strong and away still beyond the lightship was kicking the blue water into white caps. The mainsail run up on the Shamrock is one not used before in her races here. It wrinkled badly at first, but by the time the lightship was reached it was setting splendidly.

The Navigator, the committee boat, passed out at 9:25, followed shortly by the guard boats and the first boats of the excursion fleet soon after passed through the Narrows. Shortly before 10 o'clock the Columbia hoisted her mainsail and soon after dropped her tow.

THE START.

By 10:30 o'clock both boats were standing off and on and around the lightship with mainsails and club topsails up. The wind was still going merrily when the Committee boat took up her position to the south of the lightship and hoisted a signal, the letter "C" indicating that the course would be 15 miles south-southeast to leeward and return.

Neither Captain Barr nor Captain Sycamore seemed to fear the wind, for both set their No. 1, or largest club topsails, though Captain Sycamore in a wind of the same strength yesterday had invited some criticism because he did not apparently make the best use of cloth at his disposal. He used a No. 2 jib topsail, while Barr was using his No. 1 and distinctly lost ground in the second leg.

When the preparatory gun was fired at 10:45 both boats were to the windward of the line and holding away from it, neither skipper wanted to cross first. The windward position was the coveted one, as it gave the stern boat an opportunity of blanketing.

(Continued on Page 2.)

RAILROAD MEN MUCH PLEASED.

Freight Is Moving Along in Fine
Style on All the
Lines.

SAN FRANCISCO, Oct. 4.—The railroad people are jubilant at the way things are moving at the freight yards. This morning there were released 100 cars from the Oakland yards and brought to this city.

This is proof that the freight in this city is being rapidly cleared up. Master of Transportation Richardson hopes that by the end of a week there will be a complete clean-up of the present blockade and that after that time the yards will be kept clear.

When asked what number of cars could possibly be released tomorrow he said that about 200 cars represented a fair average of the number that can have their freight removed. All work was proceeding without a hitch in the city yards as well as in Oakland and there is not the slightest fear that there will be any interruption.

SAY THAT THE BOAT WAS TOO LIGHTLY BUILT.

LONDON, Oct. 4.—The jury in the inquest over the remains of the victims of the disaster of the torpedo destroyer Cobra, which foundered in the North Sea September 19th, resulting in the loss of about seventy-five lives, has rendered a verdict that the men were drowned through the unexplained buckling of the Cobra and added a rider to the effect that the Cobra was too lightly built. This seems to dispose of suggestions of faulty navigation on the part of Lieutenant Bosworth Smith, commander of the Cobra, who has many friends in the United States, his wife being an American.

WILL NOT REDUCE IRISH REPRESENTATION.

LONDON, Oct. 4.—At the Cutlers' feast last night in Sheffield the Earl of Halsbury, Lord Chancellor and Robert W. Hanbury, president of the Board of Agriculture, made important declarations which seemed to show that the Government had reconsidered the advisability of reducing the Irish representation in Parliament.

WEATHER FORECAST.

SAN FRANCISCO, Oct. 4.—Weather forecast: San Francisco and vicinity: Cloudy tonight and Saturday; light southerly changing to brisk westerly wind.

Northern California: Cloudy tonight and Saturday; light southerly changing to westerly wind.

TELL OF COAL SUPPLY DURING THE BATTLE.

WARSHIPS COULD NOT HAVE CHASED THE SPANISH VESSELS VERY LONG—COAL WAS LOW AND THE FIGHTERS WOULD HAVE HAD TO QUIT PURSUIT.

WASHINGTON, Oct. 4.—The Schley Court of Inquiry began its proceedings today with the re-call of witnesses who were on the stand yesterday and after they had corrected their previous testimony and made such additions thereto as suggested themselves, they were excused and new witnesses were introduced. The list of available witnesses for the day included Captain Raymond P. Rogers, who was executive officer of the Iowa during the Santiago campaign; Ensign (now Lieutenant) M. L. Bristol, who was watch and division officer on the Texas and officer of the deck of that vessel when the Spanish ships came out of Santiago; Lieutenant Commander A. C. Hodgson, who was navigator on the Brooklyn and whose testimony has been looked forward to with much interest because of his correspondence with Admiral Schley, and Lieutenant C. W. Dyson, of the Bureau of Steam Navigation.

MANY WITNESSES.

Captain Lemly still has quite a long list of witnesses before him and when Court began business today it was said on his behalf that it would not probably be able to present the conclusion of his case for the Department before the end of next week.

Captain Dawson of the Marine Corps who was on the stand yesterday, was called to correct the official copy of his testimony. He said that while he had not seen the Brooklyn swing with starboard helm, he was sure that she did so swing. Lieutenant Dyson, who was on the witness stand yesterday when the court adjourned, was then recalled. He had added to his coal history of the fleet information as to how the coal supply the fleet had on hand May 26 would have held out under forced draft.

This information was contained in a chart which was read by Judge Advocate Lemly. The witness also read the same information from a tabulated

statement. The chart covered the period from May 18 to June 1.

COAL SUPPLY.

It showed that on May 26 the Brooklyn's supply of coal was 952 tons; Iowa 784 tons; the Texas 408 and the Marblehead 132 tons. He said that on May 24 the Brooklyn had coal enough aboard to have remained on blockade duty off Santiago for 25 days and then to have returned to Key West; the Massachusetts enough to remain 17 days and then go to Key West; the Iowa enough for 11 days; the Texas

(Continued on Page 2.)

WELLS WILL NOT WITHDRAW.

B. P. Flint Will Not Allow His
Name to Go on the
Ticket.

SAN FRANCISCO, Oct. 4.—Asa R. Wells, the Republican nominee for Mayor will not withdraw from the campaign, as was said he had threatened to do unless his friend, B. P. Flint, was placed on the Supervisory ticket. Mr. Flint will not permit his name to be used in connection with the office of Supervisor.

black suits

at end-of-the-season prices

We have placed on sale today some five dozen black suits at prices which mark end-of-the-season clearance sales. In short, we offer you an opportunity to purchase seasonal garments at out-of-season figures. Each and every suit has been reduced from 33 1/3 to 40 per cent in order to sell them immediately. A black suit is always appropriate and becoming. The price of these makes an early purchase advisable.

The material which has been put into the garments is of the best—cheviot, pebble cheviot, Venetian and broad cloth. All are hand-tailored. The jackets are in e-ton, fly-front and close fitting styles—the skirts seven gored flare or with circular flounce.

MISS ADAMS PLEADS FOR HER FATHER'S LIFE.

TELLS THE JURY THAT THE UNFROCKED MINISTER WAS A VICTIM OF DELIRIUM TREMENS — ACTED LIKE A CRAZY MAN.

Charles G. Adams, on trial for the killing of his father, Dr. J. G. Jessup of Berkeley, appeared at court this morning, assisted by a Deputy Sheriff, and evidently suffering from an attack of partial paralysis. His right shoulder was drawn up, and his leg was apparently rigid. His face was red and swollen, the cords of his neck appeared large and drawn.

When asked as to his illness Adams stated that he was suffering from a slight attack of paralysis. "I have frequently suffered such attacks," said Adams, and they usually last about a week. The attack came upon me last night at about 10 o'clock. Miss Adams resumed the stand this morning and continued to testify as to her father's erratic conduct during the time he was in the ministry. She appeared solicitous as to her father's illness, but gave her evidence in a clear and concise manner.

Her testimony which is being elicited for the purpose of showing mental incompetence, in the case of her father, was in part as follows: "After we moved from Hanford to Berkeley my father's condition became even worse than before. His spells of moroseness were more frequent and he drank to terrible excess. "In 1899 he suffered an attack of delirium tremens that lasted two weeks. He was under a physician's care and finally recovered. "While in this condition he would

imagine that people were in the room and would hold conversations with these imaginary persons. "At times he would shriek out in the night and he would often call for me. "His face had a wild look and sometimes he would stare vacantly into space. "After he recovered he seemed worse and would accuse me of putting him out of the ministry by telling people he drank. "He also complained that I refused to associate with people who would be of advantage to him. "As a matter of fact I did all I could to keep him in the ministry. "With regard to his associates—they were not fit companions for any young woman; or at least I did not consider them so. "Before my father became addicted to drink he became associated with the best people and sought the company of educated men and women."

George A. Callahan, accountant of San Francisco, testified that he knew the defendant quite well and that his opinion was that Adams was mentally unbalanced. The witness stated that Adams when drunk did not act as an ordinary person does under the influence of stimulants. The examination of Miss Adams for the defense closed this afternoon and the cross-examination by the prosecution was begun. This afternoon Miss Adams testified that her father went home one night and crawled on his hands and knees around the house, lighting matches as he proceeded. He then went into the house and drank whisky at intervals of two minutes until he became beastly drunk.

LAST WORDS FOR WATER COMPANY.

Attorney Nusbaumer Replies to Arguments Made By Attorney Earl.

Argument on the motion for judgment on the pleadings in the mandamus suit of the Contra Costa Water Company against City Auditor Breed was concluded yesterday afternoon, so far as the Water Company's case is concerned. Attorney Earl Nusbaumer made the concluding argument against the Auditor and announced that the case of the Water Company would be submitted.

Attorney Earl will reply briefly to those points raised in the closing argument not previously considered, but will not be permitted to make further discussion of ground previously covered. Next Wednesday has been set for the concluding day.

The entire afternoon of yesterday's session was consumed by Attorney Nusbaumer in reviewing the argument already presented, and citing additional authorities in support of the Water Company's case. Particular stress was laid by the attorneys upon the contention that the ordinance requiring an oath from a corporation is unconstitutional and invalid. After touching upon the various other issues in the case, Nusbaumer centered his argument about the possibility of an oath from a corporation.

"The single point which, in my opinion, is to be considered by the court in this case," said Mr. Nusbaumer, "is that of the validity of the ordinance requiring a corporation to make an oath. "All other points have been disposed of. Without any disrespect to my opponents, it is my opinion that the points raised by the Auditor in this case have been founded upon a false and unnatural interpretation of the law. "When a law is capable of more than one construction it is a principle observed by all tribunals to uphold the construction which stands for that which is naturally equitable and just. Because of technical omissions alleged against the Water Company, the Auditor seeks to deprive it of reasonable remuneration for service admittedly given, and even goes so far as to declare the labor forfeited by reason of these alleged trivial omissions. "I challenge the attorney on the other side to produce a single authority to show that a corporation can make an oath, or that an agent of a corporation is compelled to swear as to the income of the business of which he is representative. "It is upon this issue that the case rests and must be decided."

YACHT RACE.

(Continued From Page 1.)

ing the other. There was some pretty jockeying for this berth and 10 minutes later the preparatory gun was fired. Two minutes before the starting gun was fired the boats continued to hold away, and it seemed impossible that they could cross the line before the firing of the handcup gun. Both skippers held stubbornly to their determination not to cross first, but at last Captain Barr sent the Columbia forward, Shamrock coming right behind and breaking out her spinnaker to starboard. An instant later the Columbia's great spinnaker boomed out to starboard and as they skippers held broke out balloon topsails. It was now evident that the handcup gun fired before Columbia crossed a few seconds in the lead. She was fifty yards ahead of Shamrock at this time and both yachts were on starboard tack. The Columbia crossed the line exactly 15 seconds ahead, but the official starting time, the handcup gun having been fired ahead, was 11:02:39 for both boats. After they had crossed the line the British boat seemed to cut the Columbia's wind to some extent, and there ensued a little luffing match. Captain Barr trying to get his wind clear.

HARD FOUGHT CONTEST. The Columbia crossed the line exactly fifteen seconds ahead, but the official starting time, the handcup gun having been fired, was 11:02:39 for both boats. After they had crossed the line the British boat seemed to cut the Columbia's wind to some extent, and there ensued a little luffing match. Captain Barr trying to get his wind clear.

Then again the Shamrock, her great sail area beginning to tell, drew up and it was a magnificent neck and neck race until, at 11:17, the bronze boat drew ahead and in a few moments she had placed a good stretch of water behind her flying stern and the Columbia's nose. In ten minutes more, fairly skimming over the white crested waves, she had receded off a good ten lengths of lead and at that time seemed to be able to hold it.

TERRIFIC PACE. After thirty-five minutes of sailing, both going at a terrific pace, the yachts had sailed about half of the first leg and try as the American skipper would, he did not seem to be able to lessen his flying rivals good lead. The splendid wind sent the great white clouded racers fairly spinning along toward the outer mark. Every square inch of their canvas from their ballooning down to the very bottom of the mainsails seemed to draw perfectly. They were sailing with the three spinnakers out to starboard and mainsails to the port, the enormous cloud of canvas hiding the hull. But the English yacht was not to be overtaken. Both yachts made a magnificent run for home.

WATER COMPANY DEEDS. The following deeds have been placed on record: C. F. A. Talbot and Josiah Knowles to Contra Costa Water Company, 1,682 acres of land in Eden township. Deed dated April 18, 1899. H. F. Hamilton of Boston to Contra Costa Water Company, five acres of land in Brooklyn township. Deed dated July 3, 1899. Marshal Pierce to Contra Costa Water Company, 127 acres of land in Eden township. Deed dated March 21, 1899.

A DETERMINED WOMAN. Finally found a Food that Cured Her. "When I first read of the remarkable effects of Grape-Nuts food, I determined to secure some," says Mrs. C. W. Aldridge, of Salisbury, Mo. "At that time there was none kept in this town, but my husband ordered some from a Chicago traveler. "I had been greatly afflicted with sudden attacks of cramps, nausea, and vomiting. Tried all sorts of remedies and physicians, but obtained only temporary relief. As soon as I began to use the new food the cramps disappeared and have never reappeared. "My old attacks of sick stomach were a little slower to yield, but by continuing the food, that trouble has disappeared entirely. I am today perfectly well, can eat anything and everything I wish, without paying the penalty that I used to. We could not, and would not, keep house without Grape-Nuts. "My husband was so delighted with the benefits that I received that he has been recommending Grape-Nuts to his customers and has built up a very large trade on the food. He sells them by the case to most of the leading physicians of the county, who prescribe Grape-Nuts very generally. There is some satisfaction in using a really scientifically prepared food."

BRASS KNUCKLE MAN FORFEITS BAIL IN COURT. Walter Daly, who was arrested about thirty days ago in East Oakland, while hiding in the shadow of a hedge, with a pair of brass knuckles in his possession, forfeited his bail of \$10 in the Police Court this morning on a charge of carrying concealed weapons. Daly claimed to be a union tanner, and it was alleged at the time of his arrest that he was waiting to waylay a non-union tanner.

POLICE COURT. Police Court, October 4.—P. McLaughlin, Edwards S. Clark, Mary Waite, William Pennington, drunk, \$6 or 3 days; Mary Waite, disturbing the peace and using vulgar language, continued to October 5th to file complaint; P. G. Pratus, violating sleeping-out ordinance, \$5 or 3 days; Walter Brown, felony, continued to October 8th, for examination; Walter Daly, carrying concealed weapon, bail \$10 forfeited.

WANTS PEACE IN THIS COUNTY.

Editor TRIBUNE: Now that the strike in San Francisco is practically at an end, would it not be well if all strife and boycotts in Alameda county were declared off, so that those who have buildings under course of construction can secure the necessary materials to complete the same before the rainy season sets in?

BLACK ALL WOOL CAPES (worth \$10 FOR \$5, AT MOSSBACHER'S.

METHODIST CONFERENCE STILL IN SESSION.

The annual conference of the Methodist Church South in California resumed its sessions this morning. Bishop Duncan presided. A number of reports were made by ministers of various charges. Rev. J. K. McLean, the national messenger from the State Association of the Congregational Church, then in session in this city, was introduced to the conference and delivered an excellent fraternal address which was well received by the conference.

Rev. J. E. Moore, D. D., was appointed by the Bishop to carry the fraternal greetings of the conference to the Congregational Association. Rev. Mr. Waters of Fresno, the representative of the Sunday School Union, was introduced to the conference and presented the work of the International Sunday School in a most forceful way. The name of J. C. Hyden was referred to the committee on conference relations for a superannuated relation. The conference will adjourn Monday next.

WOMEN WILL PLAY IN GAME OF GOLF.

NEW YORK, Oct. 4.—The drawings for the medal play qualifying round of the woman's national golf championship next week at Baltusrol has been made. No late entries were added to the original list and the competitors make a level pair. The time of starting has not been definitely fixed but it will be between 8 and 9 o'clock. Miss Griscom, the present champion, is paired with Miss Alice Day of Morris county and Miss Hoyt will play with Miss Pauline Mackay of Boston.

ARE NAMED TO ACT AS COMMISSIONERS.

NEW YORK, Oct. 4.—A Bridgeport, Conn., special says: Judge E. P. Nobbs of the Probate Court has appointed A. B. Beers, John A. Rinsling and W. H. Comley, commissioners of the estate of George F. Gilman. The appointments were made on the application of the Bridgeport Trust Company, administrator of the estate, which represents in its application that the estate is insolvent and that the claims against it are far in excess of visible assets. There has been no accounting of the tea business made.

BRASS KNUCKLE MAN FORFEITS BAIL IN COURT.

Walter Daly, who was arrested about thirty days ago in East Oakland, while hiding in the shadow of a hedge, with a pair of brass knuckles in his possession, forfeited his bail of \$10 in the Police Court this morning on a charge of carrying concealed weapons. Daly claimed to be a union tanner, and it was alleged at the time of his arrest that he was waiting to waylay a non-union tanner.

POLICE COURT. Police Court, October 4.—P. McLaughlin, Edwards S. Clark, Mary Waite, William Pennington, drunk, \$6 or 3 days; Mary Waite, disturbing the peace and using vulgar language, continued to October 5th to file complaint; P. G. Pratus, violating sleeping-out ordinance, \$5 or 3 days; Walter Brown, felony, continued to October 8th, for examination; Walter Daly, carrying concealed weapon, bail \$10 forfeited.

JUMPED IN FRONT OF TRAIN.

An unknown man jumped in front of the 3:30 local train at Magnolia street this afternoon. He received fatal injuries. The man was removed to the hospital.

DOMESTIC TURNS OUT A THIEF.

The arrest of a woman named Caroline Peterson this afternoon by Detectives Shorey and Holland at the home of H. C. Capwell, corner of Oakland and Fairview avenues, where she was employed as a domestic, led to the discovery, in the woman's room, of silks, handkerchiefs, silverware and jewelry valued, at the lowest estimate, at \$500.

HAS RESIGNED FROM THE COUNCIL.

LONDON, Oct. 4.—A dispatch to the Times from Paris says Admiral Lefevre has resigned from the council of the Legion of Honor, because of the dismissal of the Duc de Auresstadt, from the Grand Chancellorship. It is believed that the resignation of General Harting will follow.

BUSINESS ACTIVITY ON THE WATER FRONT.

The ending of the strike has had a marked effect on business on the water front. This morning's business was booming. There was a line of coal carts almost from First to Twelfth streets. The dealers took their turn to get coal from the bunkers.

SHORTAGE IN HAY.

Fire Chief Ball and Williams completed the reweighing of bales of hay at the various engine houses this afternoon and found that the bales were 716 pounds short, as stated at the special meeting of the Board this morning. This number of pounds will be deducted from the amount of hay the city will pay for this month. Mr. Williams is in no way responsible for the shortage, as he took the figures of the city's weighers.

WATER FRONT MONEY.

Agent Hayes of the Oakland Water Front Company paid into the city treasury today \$16,828.25, the exact amount of back taxes due the city.

A DETERMINED WOMAN.

Finally found a Food that Cured Her. "When I first read of the remarkable effects of Grape-Nuts food, I determined to secure some," says Mrs. C. W. Aldridge, of Salisbury, Mo. "At that time there was none kept in this town, but my husband ordered some from a Chicago traveler. "I had been greatly afflicted with sudden attacks of cramps, nausea, and vomiting. Tried all sorts of remedies and physicians, but obtained only temporary relief. As soon as I began to use the new food the cramps disappeared and have never reappeared. "My old attacks of sick stomach were a little slower to yield, but by continuing the food, that trouble has disappeared entirely. I am today perfectly well, can eat anything and everything I wish, without paying the penalty that I used to. We could not, and would not, keep house without Grape-Nuts. "My husband was so delighted with the benefits that I received that he has been recommending Grape-Nuts to his customers and has built up a very large trade on the food. He sells them by the case to most of the leading physicians of the county, who prescribe Grape-Nuts very generally. There is some satisfaction in using a really scientifically prepared food."

BRASS KNUCKLE MAN FORFEITS BAIL IN COURT.

Walter Daly, who was arrested about thirty days ago in East Oakland, while hiding in the shadow of a hedge, with a pair of brass knuckles in his possession, forfeited his bail of \$10 in the Police Court this morning on a charge of carrying concealed weapons. Daly claimed to be a union tanner, and it was alleged at the time of his arrest that he was waiting to waylay a non-union tanner.

Clark, Mary Waite, William Pennington, drunk, \$6 or 3 days; Mary Waite, disturbing the peace and using vulgar language, continued to October 5th to file complaint; P. G. Pratus, violating sleeping-out ordinance, \$5 or 3 days; Walter Brown, felony, continued to October 8th, for examination; Walter Daly, carrying concealed weapon, bail \$10 forfeited.

THE music of the saw and hammer now being wielded by a little army of carpenters in our store is prophetic. It tells of future roominess, attractiveness and comfort for us and for you. The unimpeachable reputation of this store for quality and right prices is not only being maintained but is also being rapidly extended. With largely increased facilities, with a greatly improved service, and with absolutely complete lines of staple and fancy groceries, we can confidently assert that better treatment of patrons than we can offer is practically impossible.

SCHLEY CASE.

(Continued From Page 1.)

seven days and the Marblehead one day. This was assuming that they would have gone by the Yucatan Channel. He also gave an estimate of the length of time they could have remained and gone to Gonaves Channel, Cape Cruz, Mole St. Nicholas, Kingston, Port Antonio, Jamaica, Guantanamo Bay, the time of remaining on blockade duty being increased as the distance to the various points diminished.

COAL WAS SHORT.

Mr. Rayner brought out the information concerning the time the coal on each of the vessels would have lasted on forced draught, in chasing the enemy's vessels, taking the amount of coal on each May 26th and leaving sufficient coal to return to Key West. Mr. Rayner read the information from Mr. Dyson's tabulated statement showing that the Iowa would have consumed 243 tons of coal a day, the Texas 160 tons a day and the Marblehead 77 tons. That estimate would, he said, give the Brooklyn 2.3 days' chase, returning by way of the Yucatan Channel and 2.35 days' chase, returning by the Windward Passage. The Iowa would have a chase of 1.2 days. The Texas would have a chase of three-fourths of a day and returning by way of the Windward Passage nine-tenths of a day. The Marblehead would have a chase of two-tenths of a day by the Yucatan Channel and four-tenths by the Windward Passage.

BISHOPS AND LAYMEN MEET IN CONVENTION. (Continued From Page 1.) The Bishops having formally entered the church where the Deputies had been in session up to 11 o'clock, the Board of Missions was called to order by Bishop Tuttle. Bishop Brewster reported an order of business. It provided for a very ample consideration of Missionary topics during the session of the convention on various mornings and evenings. The triennial report of the Board of Managers was presented by Bishop Doane in a printed pamphlet of over 200 pages, including reports of missionary bishops and financial matters. Progress has been made in Mexico and some of the recently acquired Spanish-speaking countries. The work among the heathen was reviewed, especially as affected by the trying times of the year in China. As to the home field, it was recognized that the claims for sympathy and support of the missionaries in the organized dioceses were upon an equality with those in foreign jurisdiction. Meanwhile a hopeful tone was apparent. Different matters in the report were rapidly referred to appropriate committees.

TELES OF THE MISSIONS. At noon the Presiding Bishop stopped the proceedings, a hymn was sung and prayer for missions was offered. The Rev. Dr. Lloyd, general secretary of the Board of Missions, then addressed the Board. He said the deficit reported was caused by the fact that the work had grown faster than the zeal and confidence.

TELES OF THE MISSIONS. At noon the Presiding Bishop stopped the proceedings, a hymn was sung and prayer for missions was offered. The Rev. Dr. Lloyd, general secretary of the Board of Missions, then addressed the Board. He said the deficit reported was caused by the fact that the work had grown faster than the zeal and confidence.

contributions of the church. The address was a strong argument and appeal for the better support of the church's missionary work. The last sum, he said, sufficient to carry on the work as now planned would be \$85,000 for the coming year, while the utmost sum seemingly in sight is \$45,000.

George C. Thomas spoke on the financial condition. He said the financial condition of the church was admirable. All funds are guarded with absolute safety. He never knew an office in more strictly business principles. He justified the recent use of the reserve fund to tide over the deficit as just the use it is intended for. But the reserve fund must be restored and he appealed for help to restore it. He would do his part, Mr. Thomas was greeted with hearty cheers upon concluding. Bishop Tuttle made a magnificent presiding officer. At this point a recess was taken until 4 o'clock.

ACME CLUB PLANS FOR A BIG FIGHT.

The Acme Club has arranged for a fifteen-round fight between Al Neal of San Francisco and Mike Dopyan of Rochester. Both men will weigh in at 145 pounds on October 29th at 12 o'clock.

Dyspepsia in its worst forms will yield to the use of Carter's Little Liver Pills, aided by Carter's Little Liver Pills. They not only cleanse the system, but strengthen the stomach and digestive apparatus.

REPORT MADE ON SEMINARY.

General Association Closes Its Session at the First Church.

At noon today the forty-fifth annual session of the General Association of Congregational Churches of California adjourned after a meeting which continued four days.

This morning's exercises were opened with devotional services led by Rev. H. D. Naylor of Grass Valley.

The Committee on Pacific Theological Seminary through M. B. Cherington reported the conclusions arrived at after a visit to the Pacific Theological Seminary yesterday.

He said that the committee had found the Seminary comfortably housed in its new home on Atherton street, Berkeley, to which place it had been moved from Oakland. The Seminary was now in close connection with the University of California, the great library of which would now be within reach of the students of the Seminary. He recommended that graduates of Congregational colleges on the coast who intended to follow the ministry, attend the Pacific Seminary instead of going East to receive their theological training.

Rev. J. K. McLean, in the absence of Judge Haven, gave some interesting facts regarding the Seminary. The assets of the institution amounted to \$450,000. The estimated income for the year was \$17,000, the estimated expenditure was \$15,000 and the estimated surplus was \$2,000. The trustees, he said, had found it impossible to secure the same percentage of income on investments which was formerly received.

Three years ago they had been able to make investments which gave a return of about 6 per cent. Last year, however, the percentage had been reduced to 5 per cent and, some of the trustees who seemed to know the trend of financial affairs on the coast, felt that before long, it would be impossible to get more than 4 per cent.

From all Sections of this City and Surrounding Country People are Coming Tomorrow to this **SATURDAY SALE** of New Autumn Goods that have been Specially Priced for Speedy Selling.

FIVE POLICEMEN TO BE DROPPED.

President Schaffer's Ordinance Is Passed By the City Council.

The ordinance introduced by Councilman Schaffer at last night's meeting of the City Council, decreasing the city police department by five officers, and empowering the Board of Police and Fire Commissioners to select the

men to be dropped, was passed to print under a suspension of the rules by the following vote:

Ayes--Bishop, Bon, Boyer Courtney, Cuvelier, Ruch, Wikson, Schaffer--8. Nays--Dornin, Fitzgerald, Wallace--3.

There was no discussion indulged in. The vote was the same on the suspension of the rules as it was on the passage of the ordinance to print.

The ordinance is as follows:

"It is ordered by the City Council of the City of Oakland as follows:

"Section 1. Because of the insufficiency of the public revenue to meet current expenses of conducting the city government, and it is hereby declared to be necessary, and the City Council hereby authorizes the Board of Police and Fire Commissioners of the City of Oakland to decrease the police force of said city by removing therefrom five police officers.

"Section 2. This ordinance shall take effect and be in full force from and after the date of its approval."

HE DOES NOT SPEAK FOR DORNIN

Cuvelier Is Compelled to Explain His Glad Hand Speech to the Majority.

Complaint, having been made to Councilman Cuvelier that his speech on September 20th accepting the hand of friendship which had been extended by the majority of the Council to the minority, had offended Councilman Dornin in that he was included in the minority and credited with having participated in framing the tax levy and other duties incumbent on a Councilman, gave rise to an explanation by Cuvelier not only exonerating Dornin from participating in the construction of the tax levy, but also exonerating him from having performed other duties as well.

"My colleague in the 'minority' of the City Council, Geo. W. Dornin, assures me that he is besieged from all sides for his reasons for concurring in the action taken Friday night, September 20th, in the matter of the tax levy and that he wishes me to ret him right before the people by stating publicly that he was not included in my remarks to the Council on the Friday evening in question.

"When on behalf of some of the minority I thanked the other members of the Council for the courtesies extended and the consideration shown to those of the minority who had been able to attend the meetings of the committee and to participate in the preparation of the tax levy I purposely framed my remarks at the time so that they would refer only to those of us of the 'minority' who had regularly attended the meetings of the committee

and spent many hours in the arduous task of trying to straighten out the difficult tangle in the city's finances which this administration has to face.

"Mr. Dornin not having attended the last few meetings of the committee when the real work of fixing the tax levy was accomplished and being absent on the Friday evening when, under suspension of the rules, the tax levy ordinance was read and passed to print by the unanimous vote of all present, he cannot in any manner be held responsible for any of its provisions.

MOSSBACHER'S CLOAK AND SUIT HOUSE WASHINGTON, COR. 13TH.

OAKLAND GIVEN THE GAME ON A FLUKE.

Because Umpire Hardie declared that Atherton swung out of the batting box in making the hit that brought in the decisive run of yesterday's contest, Manager Morley of the Los Angeles team refused to play off the tie which existed and the game was awarded to Oakland by a score of 9-0.

The score in the tenth inning was 2 to 2. Householder crossed the plate on Atherton's hit and things looked bright for the Looelos until Hardie's decision fell like a thunder bolt from a clear sky.

The game between San Francisco and Sacramento at the Capital City yesterday was won by the Germans in the ninth inning by the greatest batting rally of the season.

With the score 5 to 2 in Sacramento's favor the ninth inning opened auspiciously for the Senators, but the Wasps literally battered McNeely off the slab and piled up four runs, winning the game.

For Over Fifty Years Mrs. Winslow's Soothing Syrup has been used for children teething. It soothes the child, softens the gums, allays all pain, cures wind colic and is the best remedy for diarrhoea. Twenty-five cents.

REMOVAL. E. L. Sargeant's sewing machine store has removed to No. 463 Twelfth street. Telephone Black 471.

Cutter's Place Is cool, restful and a rendezvous for old friends and good liquors. 473 Ninth street.

this is the time

—and undoubtedly ours is the place where umbrellas and gloves are the center of interest.

With entire confidence we say unhesitatingly that nowhere else can more satisfaction in these two indispensable articles be given than here.

Dependable umbrellas are here in more than one hundred acceptable styles; prices range from 45c to 20.00.

Reliable gloves for ladies, misses, men and children in the correct style for all occasions. —especially several excellent makes at 1.00 per pair.

FRIDAY, OCTOBER 4, 1901.
CANADA'S SLOW GROWTH.

The visit to Canada of the heir ap-
parent to the English throne is direct-
ing more than usual attention to our
northern neighbor, especially so as the
elaborate preparations made for his
reception by the Dominion cities indicate
a prosperity akin to our own. As
a matter of fact, though, Canada is
moving ahead very slowly, and judging
by the conditions that have pre-
vailed there during the last decade we
have very little to fear from the com-
petition of our friends across the line.

According to the official bulletins of
the recent Canadian census the entire
population of the country is but 5,335,-
882, an increase of only 555,644 over
the census of 1891. This is declared to be
the smallest increase for any decade
since 1841, except the ten years from
1861 to 1871. When we recall how our
own census last year showed where
some cities had added over a million
inhabitants to their population during
the preceding ten years, it is almost
amusing to find that the province of
Ontario—the largest in the Dominion—
has only secured 50,000 more people
since 1891. None of the cities, in fact,
can compare with our great metropoli-
tans, for, of the four largest centers
of population, Montreal numbers but
265,826, Toronto 267,571, Quebec 183,344
and Ottawa 159,922. There is much sig-
nificance, too, in the announcement
that since 1891 the population of Van-
couver has increased from 12,759 to
26,176, for it shows that although
Eastern and Central Canada are vir-
tually stagnant, the enterprise and op-
portunities created during the past
couple of years along the Pacific sea-
board have compelled that section of
the British possessions to share in the
general advancement.

With all these facts before us it is
not likely that we will hear any more
for awhile of the proposed annexation
of Canada by the United States. They
are too slow for us up that way, for
despite their excuse that they are re-
tarded in growth because so much of
their western country is barren, we
know that that is not the real trouble.
Why they are deficient in the elements
that mean advancement and perma-
nent progress is because they do
not only import old world ideas but in-
sist upon applying them to a country
foreign to them in every way. For
example, there are scores of Canadian
farmers who import their ploughs and
agricultural implements from England
because they have no confidence in
what can be purchased upon this side
of the Atlantic. The only way to suc-
ceed in a new country is to adopt one's
self to the surroundings as quickly as
possible, and as the conservatism of
our British neighbors will not permit
this it is not surprising that they are
practically standing still while we are
going ahead with seven-league strides.
However, these faults are nothing that
we need worry about; in fact, to a cer-
tain extent, we should be glad that
they exist, for they make our own
domain shine all the brighter by com-
parison.

American jockeys, trainers and owners
are being virtually run off the Eng-
lish turf, those who have not received
actual notice to quit from the racing
stewards resigning on their own ac-
count because of the unfair tactics
adopted towards them. That shows
again that there are more ways than
one of killing a cat, for having failed in
their attempts to get rid of the invad-
ers by merely discriminating against
them the Britishers have now deter-
mined upon a more direct course. They
claim that racing over there is "the
sport of kings" and they evidently want
to keep that limitation upon it, judg-
ing by their efforts to prevent repre-
sentatives of republics from partici-
pating.

The Democrats can rave all they
want to about Republican "machine
politics" being in the ascendancy across
the bay but the fact cannot be denied
that the convention this week showed
an absolute condition of harmony in
the party ranks or at least a determi-
nation to stand together without kicking.
That's the sort of combination that
wins out anyhow as the Democ-
rats will discover to their sorrow later
on.

The "hot bird and cold bottle" season
has opened encouragingly, duck being
plentiful though somewhat scattered as a
result of the storm. Alameda coun-
ty's preserves, by the way, are said to
be far ahead of all the others, which is
another proof that it is pretty hard to
beat us out on any proposition.

MRS. WALLISER TO BUILD.
A contract has been placed on re-
cord between Mrs. Lucy Walliser and
C. E. Nichols, contractor, for a two-
story frame residence to be built at
the corner of Telegraph avenue and
Thirtieth street. The residence
is to cost completed \$3537.

ROUTINE WORK OF COMMITTEES.

Matters of Interest to Taxpayers
Handled at the Session of
the Council.

At a meeting of the License Commit-
tee last night the license of James K.
Dickenson, 1701 Pacific street, was ap-
proved. Not long since a fight was
made to close both Dickenson's place
and a saloon conducted by Joe Ber-
hardo. Both men had a hearing before
the Council and proved to the satisfac-
tion of that body that they were con-
ducting their saloons in a proper man-
ner. There was no protest against the
issuance of a new license to Dickenson
and the committee approved the appli-
cation without discussion.

KELLER'S PROTEST.
The City Attorney submitted a writ-
ten opinion to the Street Committee
relative to the protests of P. J. Keller
against the grading of Monte Vista
avenue. In his communication the
City Attorney stated that Keller owned
a frontage on the street, the city
would be liable to damages, but if on
the other hand the property belonged
to Mr. Holcomb then Keller had no
complaint coming.

Street Superintendent Ott volunteered
the information that Keller did not
own any of the ground. Taking this
view of the matter the committee laid
the protest over indefinitely.

BIDS RECEIVED.
The bids for the sewer of Thirty-
eighth street from 50 feet west of Tel-
ephon avenue to Grove street were
as follows:
Easton and Wilson \$719.56; J. P.
Beckett, \$555.44; E. Cavanaugh, \$519.20;
Hutchinson-Ransome Co., \$738.40; John
Geary, \$736.75; Wm. Healey, \$549.30;
James Stanley, \$693.20; M. Murphy,
\$711.20.

The bid of James Stanley was the
lowest bid, but as he had not enclosed
a certified check of ten per cent of his
bid the committee could not accept it.
It was first decided to give the contract
to the next lowest bidder, but on the
advice of City Attorney Johnson the
matter was laid over until a legal
opinion on the matter could be given.

OTHER BIDS.
The bid of James Stanley of \$1,515.50
for sewer Sixty-sixth and Sixty-
seventh streets was recommended. All
other bids were rejected.
Bids for sewer of Oakland avenue,
between Pearl and Perry streets, were
as follows: Wm. Healey \$63. E. Cava-
nagh \$894.40. The bid of Wm. Healey
was approved.

RESOLUTIONS.
Resolutions were disposed of as fol-
lows:
From Board of Public Works in
sewer foot of Clay street. Rec-
ommended.

Directing removal of obstruction
from Ninth street and Tenth street be-
tween Oak and Fallon streets. Laid
over.

Grading, curbing and macadamizing
Oakland avenue from Santa Clara
avenue to Flint tract. Recommended.
Contract for doing same awarded to
Elwood Electric Company at \$2,321.20.
All other bids rejected.

PROTESTS AND PETITIONS.
Protests and communications were
disposed of as follows:
From Chas. Chubb to grade, curb
and macadamize Eighteenth street
from Klitcham street to Adeline street.
Laid over.

Against turning certain water in
Temescal creek. Laid over.

From R. Dalziel to grade, curb and
macadamize East Nineteenth street
from Fourth avenue to Fifth avenue.
Laid over to notify owners of insuffi-
cient names attached.

From Z. W. Bransford and others to
change grade of Fifteenth avenue from
East Sixteenth street to East Nine-
teenth street. Referred to City Engi-
neer.

From L. B. Golberg to grade, curb,
etc., Ninth street, 55 feet west of
Market street. Granted.

From B. McGinnis and others to bi-
tuminize East Twelfth street from
Eleventh to Thirteenth avenues. Laid
over.

From G. W. McNear and others to
open Washington street. Laid over.
From Board of Health submitting
various amendments to various ordi-
nances. Laid over.

APPLICATIONS FOR LICENSE.
The following applications for
liquor licenses were approved: Muhr
and Muhr, 1160 Seventh street; Sar-
ment and Guido, 508 East Fourteenth
street; L. Marvin, 600 Market street;
John White, Eighth street; T. F.
McNold, 964 Washington street;
Mrs. M. Neill, 802 Clay street; A. C. Pe-
erson, corner Thirtieth and Broad-
way; F. Klingenberg, corner Seventh
and Market; M. Ghirardelli &
Co., 1456 Seventh street; J. D. La-
montagne, 488 Seventh street;
F. K. Dickenson, 1701 Pacific
street; C. Cereghini, 572 Seventh
street; Mott Slater, 851 Washington
street; James Sullivan, 838 San Pablo
avenue.

BONDSMEN QUALIFY.
Daniel Chisholm and Charles W.
Hoyer have qualified as sureties on
the \$50,000 bond of G. S. Langan, re-
cently appointed a notary public.

Carl F. Wood, who has secured a
similar appointment, has furnished
surety for the \$5,000 bond required in
J. B. Richardson and John S. Brom-
ley.

TAX LEVY PASSED BY THE COUNCIL.

President Schaffer Says At-
torneys Tell Him That the
Ordinance Is Legal.

SAYS PEOPLE WANT SCHOOLS.

The ordinance fixing the tax levy at
\$1.20 per \$100 was finally passed last night
at a meeting of the City Council. There
were present Councilmen Ishby, Boyer,
Bon, Cuvelier, Courtney, Dornin, Fitz-
gerald, Ruch, Wallace, Wixson and Presi-
dent Schaffer.

The vote upon the final passage of the
levy was:
Ayes—Bishop, Boyer, Courtney, Cuvelier,
Ruch, Wixson, Schaffer, 5.
Nays—Dornin, Fitzgerald, Wallace—3.
Absent—Bon.

Bon was temporarily absent when the
vote was taken.
Councilman Cuvelier, the acknowledged
leader of the minority in the Council, in
explaining his affirmative vote, said:
"In reference to the High school tax of
7 cents, which has been declared illegal,
I would like to say a few words. It is
well known that at the last Legislature
a special act to fit just such cases was
passed and passed. If this special tax
for schools is declared illegal, which I do
not believe it will be, it will then be up
to the chairman of the Auditing and Fi-
nance Committee to provide funds to keep
the schools open. I am satisfied what-
ever the outcome is the Council will not
permit the schools to close. I believe the
special tax to be a legal measure and will
therefore vote for it."

Dornin then secured the floor and told
him he voted against the levy. He said:
"I cannot concur with the other mem-
bers in voting for this tax levy. I cannot
support a measure which would put our
High schools in jeopardy, on account of
its illegality. The charter provides that
1.17 shall be the limit of taxation. I be-
lieve the charter means what it says. I
am not alone in the opinion that the limit
fixed by the charter is the highest
rate of legal taxation. I have secured
the opinions of the leading attorneys and
they concur with me."

"The extraordinary expenses of the city
which are not provided for in the charter
for such things as parks, schools and
other improvements should be put before
the people in a bonded proposition. If a
bonding proposition were put before the
city according to the figures suggested in
an amendment, I will offer the Council.
It would leave but little over 3 cents more
than is provided for by the charter. I
believe there is a grave doubt if the taxes
can be collected at the present ordinance
is passed. I come here tonight prepared
to offer an amendment submitting to the
people the proposition of bonding the city
for the extraordinary expenses instead of
including them in the tax levy. I cannot
conscientiously vote for the ordinance
therefore I will vote no."

Fitzgerald said he thought the 7 cents
for High schools in the levy was illegal
and would therefore vote no.
Wallace was of the same opinion as
Fitzgerald and gave the same reason for
voting no.

President Schaffer then said a few
words in explanation of his vote for the
levy. He said:
"In fixing the tax levy we have secured
the best legal opinion obtainable. The
attorneys whom we consulted told us they
would stake their reputations that the
levy was legal. It has been printed in
certain newspapers that the merchants
and the people are going to combat the
tax levy. I have lived here twenty years
but never knew of any one to fight a
school tax. There will always be com-
plaints, but that is to be expected. I be-
lieve the merchants and the people are
with us on the school tax."

The ordinance was then finally passed
by the votes as given above, without ac-
cepting Dornin's proposed amendment.
The tax levy in full is as follows:

General Fund	\$1,057
Salary Fund	1,000
Fire Fund	1,490
Police Fund	1,150
Street Fund	1,260
Sewer Fund	1,010
Park Fund	620
Pipe and Sewerage Fund	420
Printing Fund	975
High School Fund	970
Library Fund	920
Street Light Fund	1,400
Bond Interest Fund	1,320
Bond Interest Redemption Fund	1,320
School Building Bond Fund	600
School Building Bond Redemption Fund	600
Special High School Fund	700
Special Park and Boulevard Fund	800
Total	\$11,220

**NEAR SEAL JACKET (Beaver Col-
lar and Cuffs), \$25, MOSBACHER'S.**

**J. H. MULLEN CAUSES THE
ARREST OF HIS ACCUSERS.**

J. H. Mullen, late business agent of
the Alameda County Building Trades
Council, has sworn to a complaint
charging J. J. Victory and William
Atkinson with criminal libel. Warrants
have been issued for the arrest
of both men, bail in each instance
being fixed at \$200.

The men are members of the Car-
penters Union and are accused of malici-
ously circulating a photograph of
Mullen, across which was written
"No. 550, convicted of grand larceny,"
and of having published the same to
the detriment of the character of the
complainant.

The accusation is the outcome of a
factional fight which has been rending
the Building Trades Council for some time.
The photograph in question was se-
cured from Yuba County by the fac-
tion which is opposed to Mullen, who
followed the publication with a batch
of affidavits from Yuba County peo-
ple, who testified to his good reputa-
tion.

**CHANGES MADE IN
THE WOMAN'S EXCHANGE.**

Mrs. M. E. Chubbourn has resigned
the position of recording secretary of the
Woman's Exchange, to accept a position
in connection with the Associated Char-
ities of San Francisco. Her place has
been filled by Mrs. Fred D. Cutting.

During the absence of Miss Mary Bar-
ker, corresponding secretary of the as-
sociation, the duties of that office will
be discharged by Mrs. M. C. Chapin.

The public are warned against coun-
terfeits of Jackson's Napa Soda.

CUVELIER IS AFTER THE HENS.

Routine Matters Handled at the
Meeting of the Council
Last Night.

At a meeting of the City Council last
night all the members were present.
Councilman Cuvelier introduced an ordi-
nance preventing chickens and other do-
mestic fowls from running around loose
in the city. The ordinance was referred
to the Ordinance and Judiciary Com-
mittee. It reads as follows:

"Be it ordained by the City Council of
the city of Oakland as follows:
Section 1. It is hereby declared unlaw-
ful for any person owning or having con-
trol over any chickens, ducks, geese, tur-
keys or other domestic fowls to permit
the same to run or go upon the premises
of any other person within the city of
Oakland, without the consent of such
person or upon the streets, lanes, alleys,
sidewalks, parks or any public place with-
in the said city.

"Section 2. Any person violating any of
the provisions of this ordinance shall be
fined in a sum not to exceed ten dollars,
and in case said fine be not paid, then
the person so fined shall be imprisoned
in the City Prison at a rate of one day
for each \$2 of the fine so imposed and re-
maining unpaid.

"Section 3. This ordinance shall take
effect immediately upon its passage."

REDINGTON'S PROTEST.
The following communication from
Chairman C. H. Redington of the Board
of Education was read and referred to
the Auditing and Finance Committee:

"To the Honorable City Council—Gentle-
men: In behalf of the Oakland High
Schools I respectfully ask you not to pass
the tax levy as passed to print. In my
opinion the special tax cannot be collect-
ed, and if it cannot I see no way to keep
the High school open longer than Janu-
ary 1, 1902.

"You are aware that the High school
teachers have not yet received their pay
for May and June, 1901. If the schools
should have to close on January 1st for
lack of funds to keep open, I do not be-
lieve the people whom you represent
would be satisfied.

"I realize the financial situation which
confronts you, but I do hope you will find
some way out of it without experimenting
with the High school fund."

STENOGRAPHER APPOINTED.
The resolution appointing H. S. Robin-
son stenographer in the water rate case
was unanimously passed by the Coun-
cil.

RESOLUTIONS.

Resolutions were disposed of as fol-
lows:
Granting permission to Edison F. Adams
to construct a sewer on Lee street in Ad-
ams' tract. Adopted.

To pay claim of Oakland Gas and Light
Company for \$10. Auditing and Finance
Committee.

Authorizing putting in culvert on Ver-
non street. Street Committee.

Granting permission to connect a sewer
in Lee street with a manhole in center of
Lee and Adams streets. Adopted.

Granting permission to Hutchinson,
Ransome Company to grade, curb and
macadamize Twenty-third avenue from
East Twenty-second street to northern
city line. Adopted.

Ordering clerk of Rod W. Church for
\$30 paid. Adopted.

Adopting specifications to sidewalk Mar-
ket street from Thirty-first to Thirty-
third street. Adopted.

Authorizing the City Tax Collector to
assist with the County Engineer forty-
nine deeds to the city of Oakland of prop-
erty sold to the city of Oakland for un-
redeemed taxes of the year 1891-1895, and
authorizing the City Auditor to draw his
warrant on General Fund for the pay-
ment of fees for recording not to exceed
the sum of \$100. Adopted.

Granting County Miners' Association use
of Council chambers on October 5th.
Adopted.

Authorizing Board of Public Works to
construct catchbasin on Thirteenth street
between Washington street and Broad-
way, at a cost not to exceed \$90. Adopted.

Directing Superintendent of Streets to
notify property owners on west side of
Fourth avenue between Newton avenue
and East Eighteenth street to lay side-
walks six feet wide where not already
done in cement or bitumen. Street Com-
mittee.

Granting permission to Cecil Windsor to
remove dirt from north side of East Sev-
enteenth street. Street Committee.

That the Hutchinson, Ransome Com-
pany be granted permission to regrade
Van Dyke street, between Fourth avenue
and Brooklyn avenue. Adopted.

Ordering sidewalk of Market street,
between Thirty-first and Thirty-third
streets. Street Committee.

PETITIONS AND PROTESTS.
Petitions and communications were dis-
posed of as follows:

From J. C. Nichols and others to sewer
Silver street between Weston street and
Moss avenue. Street Committee.

From Alcazar Company in the matter
of asphalt for sewer work. Filed.

From Mrs. Newart and others to
sewer Moss avenue, between Ruby and
Diamond streets. Street Committee.

Of W. W. Whitman and others, to con-
struct wall eighteen inches high outside
property line on Chestnut street. Grant-
ed by resolution.

Of Mayor Barstow and Finance Com-
mittee, showing \$99,231.31 in the city treas-
ury. Filed.

Of Auditor Breed, showing balance re-
verting to general fund from police relief
and pension fund to be \$20,333.21.

LIQUOR LICENSES.
The following liquor licenses were ap-
proved: Wm. Kruse, corner East Twelfth
street and Broadway; A. C. P. P.
Muhr & Muhr, 1160 Seventh street;
Herman Volght, 414 Piedmont avenue;
James Sullivan, 828 San Pablo avenue;
Matt Slater, 828 Washington street;
C. Cereghini, 572 Seventh street;
J. H. Dickinson, 1701 Pacific street;
P. Christensen, 653 Washington street;
W. A. Anderson, 433 Ninth street;
J. M. Heindol, 432 Webster
street; Charles H. Catter, 433 Ninth street;
Henry Meyer, 433 Ninth street.

COAL

Does not warm except
through combustion.
Food does not nourish
except through digestion.
You may as well hug a
coal pile to get warm as
expect to get nourish-
ment out of food which
you cannot digest.

Pierce's Golden Medical Discovery cures
diseases of the stomach and organs of
digestion and nutrition. It enables the
body to assimilate food and so put on
sound flesh and develop strong muscle.

"The praise I would like to give your 'Golden
Medical Discovery' I cannot utter in words or
describe with pen," writes James B. Ambrose,
Esq., of 1305 1/2 Mission Street, Huntington, Pa.
"I was taken down with what our physicians
said was indigestion. I dined with the best
around here and found no relief. I wrote you
and you sent me a question blank to fill out and I
did so and you then advised me to use Doctor
Pierce's Golden Medical Discovery. I took three
bottles and I felt so good that I stopped being
as I think, cured. I have no symptoms of gas-
tric trouble or indigestion now."

Dr. Pierce's Common Sense Medical
Adviser is sent free on receipt of stamps
to pay cost of mailing only. Send 21
one-cent stamps for paper or 31 stamps
for cloth binding, to Dr. R. V. Pierce,

**MUHLNER WANTS
HIS FREEDOM.**

Slayer of Jennie Lewis Anxious
to Be Released From
Prison.

A move is now on foot to secure the pa-
role of Louis Muhlner, who is under sen-
tence of a ten-year term of imprisonment in
the penitentiary at San Quentin. The
petition in his behalf has been presented
to District Attorney Allen for a state-
ment from him, in his official capacity,
to the effect that, at the time of his com-
mitment to the penitentiary there was
no charge other than that of which he
was found guilty pending against Muhlner.

Muhlner was found guilty of the mur-
der of Jennie Lewis, who was a domestic
in the home of Rev. George Moor, 400
Edwards street.

Muhlner was a telegrapher at Point
Reyes light house. Jennie Lewis lived at
Olema, about twelve miles from that
place. Muhlner fell in love with the girl,
but she did not reciprocate his affections.
She, however, accepted clothing and Jew-
els which he gave her most liberally.

The girl found employment at Dr. Moor's,
and soon became enamored of a young
man of the city. She offered no expla-
nation of her conduct and seemed to care
little about the disappointment which her
treatment of him seemed to occasion
Muhlner. One morning in the latter part
of 1898 Muhlner called at Dr. Moor's res-
idence, had a short talk with the girl, and
shot and killed her. On January 29, 1899,
he was sentenced for ten years to San
Quentin by Judge Ogden.

**PERSONAL AND SOCIAL
NOTES OF INTEREST.**

Mr. and Mrs. D. F. Oliver left last
Tuesday for an extended trip East,
taking in Yellow Stone Park and the
Pan-American Exposition. Mr. and
Mrs. Oliver reside at Fruitvale.

Mr. and Mrs. Fred A. Stolp were the
guests of Mr. and Mrs. Clarence Mar-
tin Mann of San Francisco on Wednes-
day evening, October 3d, for a dinner
and theater party.

Miss Donna Preble of Berkeley and
Charles Bailey, who left the University
a short time ago to teach in Honolulu,
were married recently. The wedding
took place in Honolulu.

A party was recently given at the
home of Harry B. Green in honor of the
twenty-first anniversary of his birth-
day.

Miss Muriel Wemple and J. C. Hiden
Edwards, '97 of the University of Cali-
fornia, were married yesterday in San
Francisco.

Miss Mayme Killian and James Mc-
Govern were married at 8 o'clock Wed-
nesday evening in St. Francis de Sales
Church. Rev. Father Mcweeney per-
formed the ceremony.

**WHIST RULES FOR THE
FABIOULA TOURNAMENT.**

The rules for the Fabioula whist tour-
nament at the Ebbell rooms tomorrow
are as follows:

1. In commencing the game, all cut
for deal. The lowest deals. Ace is low
in cutting.

2. If a player revokes, the adverse
side scores two.

3. Players must remain in their seats
until all the score cards are punched.
No card will be punched after players
have left their table.

4. All players remain seated until the
signal for moving is given.

DIRT CLEARANCE.

It is a good plan for every bath to know something of the soap he uses. There is a well-founded objection to using a floor-cleaning soap upon the human body. Ivory Soap is the bath's soap. It costs more than common soaps, but the difference is in the ingredients and making. Why not treat yourself with a little respect. Is not the human skin with its marvellous delicacy entitled to pure soap? Ivory Soap—it floats.

BOTH ARE OUT OF THE SCHOOL.

Berkeley Scandal Results in Resignation of Accused and Accuser.

BERKELEY, Oct. 4.—The Atherton-Earle scandal that has been agitating the local school department is at an end so far as the Board of Education is concerned. At a special session held last evening the resignations of both Atherton and Miss Earle were unanimously accepted.

The communication from the principals in the scandal were filed together with their resignations and the incident was closed.

It is considered probable that Atherton will make a determined effort for reinstatement, and that he will use whatever influence is at his command in furtherance of such an end.

In speaking of such a development Miss Earle said last night:

"If an attempt is made to install Mr. Atherton, which I think very probable, I will fight and then all will come out. I have all the letters, and when that time comes if I don't I will make public everything in self-defense. Until then I can say no more. Mr. Atherton has forced me out of the department, and if he makes another move I will prove my charges."

Both resignations take effect tonight, and as there is a vacation next week the school will not be crippled.

TRUSTEES TO MEET IN ALAMEDA

Electric Light Plant Will Be Investigated This Evening.

ALAMEDA, Oct. 4.—A committee meeting of the City Trustees will take place tonight. The meeting was called by Trustee Miller, chairman of the Electric Light Committee. The Board will meet the officers of the Electric Light Department and discuss the present situation of that department.

This conference may result in a change in the present system of operating the Department. The matter of cutting out a number of unnecessary street lights will also be brought up. Chairman Forrester says that expenses could be cut down a great deal by such a move, and the streets would still be sufficiently lighted.

The present "mix-up" between the Hosiery Companies over the recent fire will also have an airing. It is said that Thompson Hosiery Company No. 1 will prefer charges against Cordes Hosiery Company No. 5. It seems that each company accuses the other of having interfered with its work at the fire in the rear of the Leona Hotel.

SAN LEANDRO LADY MAY BE MISTAKEN.

SAN LEANDRO, Oct. 4.—The story told by Mrs. Mary Barnard about the boys who she claims broke down her fence several nights ago has become quite funny, as a number of the boys for whom warrants have been issued were either out of town at the time or could prove that they were at another place when Mrs. Barnard claims the mischief was done. She has sworn to several warrants, some of which cannot be served, as the parties are out of town. The appearance of the fence also has a tendency to clear the boys from suspicion, as the posts were quite rotten at the base and only a slight wind would have carried it away.

Arthur Gieseler has also taken the matter in hand, as he wishes to have the fence moved off the sidewalk.

DEATH OF W. W. MULHOLLAND.

W. W. Mulholland, aged 45 years, a well known farmer, residing two miles north of Berkeley, died at St. Helena of pneumonia, where he had gone to secure the benefits of the climate. The remains have been shipped to this city for interment. The funeral will be held Saturday at 10 o'clock. The interment will take place in St. Joseph's Cemetery, West Berkeley.

Tot Causes Night Alarm.

"On night my brother's baby was taken with Croup," writes Mrs. J. C. Snider of Crittenden, Ky. "It seemed it would strangle before we could get a doctor, so we gave it Dr. King's New Discovery, which gave quick relief and permanently cured it. We always keep it in the house to protect our children from Croup and Whooping Cough. It cured me of a chronic bronchial trouble that no other remedy would relieve." Infants for Coughs, Colds, Throat and Lung troubles. 5c and 10c. Trial bottles free at Osgood Bros' drug store, Seventh and Broadway.

NEW LINE OF ALL-WOOL WAISTS AT MOSBACHER'S.

FIRE ALARM FOR BERKELEY.

Bids Were Opened at the Meeting of the Trustees Last Evening.

BERKELEY, Oct. 4.—Bids for the proposed new fire alarm system were opened at a special meeting of the Town Board of Trustees last evening. The Gamewell Fire Auxiliary Company bid \$8,235, while the proposal of the only other bidder, Paul Seiler, was \$5,350. It was decided to make no award until next Tuesday evening, when a practical demonstration of both systems will be witnessed.

The following committee was appointed to confer with a similar committee from the Board of Education for the arranging of a high school dedicatory program:

Foss and Company were granted permission to erect public scales in front of their office on Stanford Place.

Sewer specifications for Adeline and Fairview streets were adopted.

The following commissioners were appointed for the opening of Gilman street: C. C. Emslie, W. A. Dickleson and Charles Richter.

Resolutions were ordered prepared for the severing, grading and macadamizing of Camilla street between San Pablo and Eighth streets.

MRS. T. CAROTHERS WILL GO TO LONDON.

Mrs. J. T. Carothers, widow of ex-Councilman Carothers, will shortly leave for Washington, D. C., where she will make a short visit. She will then proceed to London, where she will remain a year.

Upon her return Mrs. Carothers will make her home in Berkeley, having sold her residence at West Oakland.

SHAKE INTO YOUR SHOES

Allen's Foot-Powder, a powder, cures painful, smarting, nervous feet and ingrowing nails, and instantly takes the sting out of corns and bunions. It's the greatest comfort discovery of the age. AT THE DEWEY.

The horror-stricken "Mathias," who is impersonated by Landers Stevens at the Dewey, continues to draw a large audience nightly. The climax of every act is startlingly realistic and the thrilled auditors give encore after encore. The mounting of the play is artistic, every scene having been specially painted and set for this piece.

TRUSTEES MEET AT HAYWARDS.

Cash Balance Shows That the Town Has Money on Hand.

HAYWARDS, Oct. 4.—The Town Trustees met on Wednesday evening of this week. The regular bills were passed, after which the sewer matter was brought up. The Sewer and Water Committee reported that the outlet of the sewer was in very bad condition and something would have to be done at once. It was decided to have Mr. Geary, the sewer contractor, make an estimate as to the cost of repairing the same. He will be informed at once and by the next meeting of the Board the committee will be ready to report.

A number of blacksmiths were present to inquire about the new license which they were compelled to pay. They were informed that a license would be demanded where the blacksmith sold anything in his shop.

Town Clerk Obermiller made the following report on the finances of the town: Cash balance last report, \$5,230.10; received since last report, \$35; total, \$5,265.10. By warrants, \$952.87; Treasury, \$61.10; by warrants, \$952.87; total, \$5,265.10. This leaves the following balances in their respective funds: General fund, \$2,551.10; sewer and water, \$1,242.98; municipal improvements, \$1,268.49; library, \$141.71; total, \$5,204.28.

The report of Health Officer Reynolds on the matter pertaining to Frank Robeira was brought up and read. It seems that a number of people residing in Robeira's neighborhood complained of the way in which the latter conducted his dairy. They said that he kept nine cows in one small lot. The doctor's report stated that he had inspected the premises and had found them to be in good sanitary condition.

DENIES HE MADE AGREEMENT.

An answer has been filed by Albert A. Atkinson to the suit of Mrs. Charlotte A. Bigelow to compel him to grant her a life lease on a 160 acre farm in Murray Township.

Atkinson denies that he made an agreement with M. R. Bankhead from whom he purchased the farm, to permit Mrs. Bigelow to reside thereon during her life time. He asks the court to compel Mrs. Bigelow to either vacate or pay rent.

P. E. Bowles, president of the First National Bank, has gone East, accompanied by his wife. He will remain away for several weeks and, during his absence, his duties at the bank will be discharged by the cashier, L. G. Burpee.

Advantage of Buying

Dry Goods

MADERA BULLS MAY GIVE A FIGHT HERE.

A promoter named Matt, representing the aggregation which has been giving the bull fight at Madera, applied for a license this afternoon to give a similar show in this city. The application was denied by Deputy Tax Collector Dickerson until he could get a favorable opinion on the subject from Chief of Police. In the event of an unfavorable opinion being received, Matt intimates that he will "bring off" the fight at the Elmhurst track.
